

BUTTERFLY SCAVENGER HUNT

1. There are butterflies scattered throughout this exhibition! Try and find them all and tick them off as you go

2. Try and find these two beautiful butterflies and complete the drawings with coloured pencil!

**SAATCHI
GALLERY**

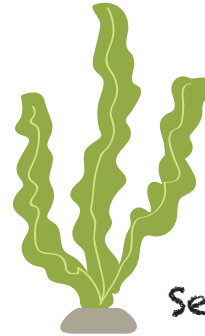

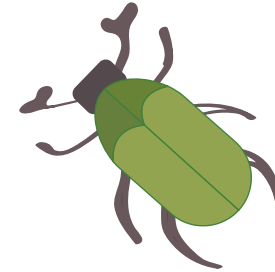

Algae

Lab grown meat

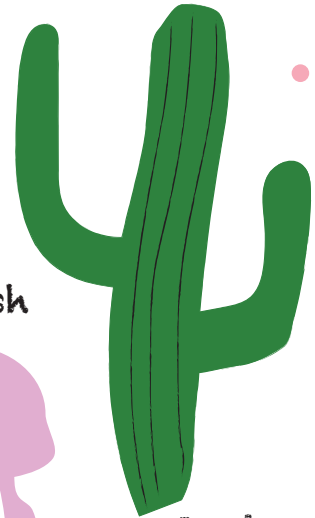

Seaweed

Insects

Jellyfish

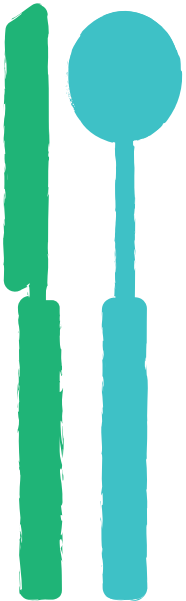

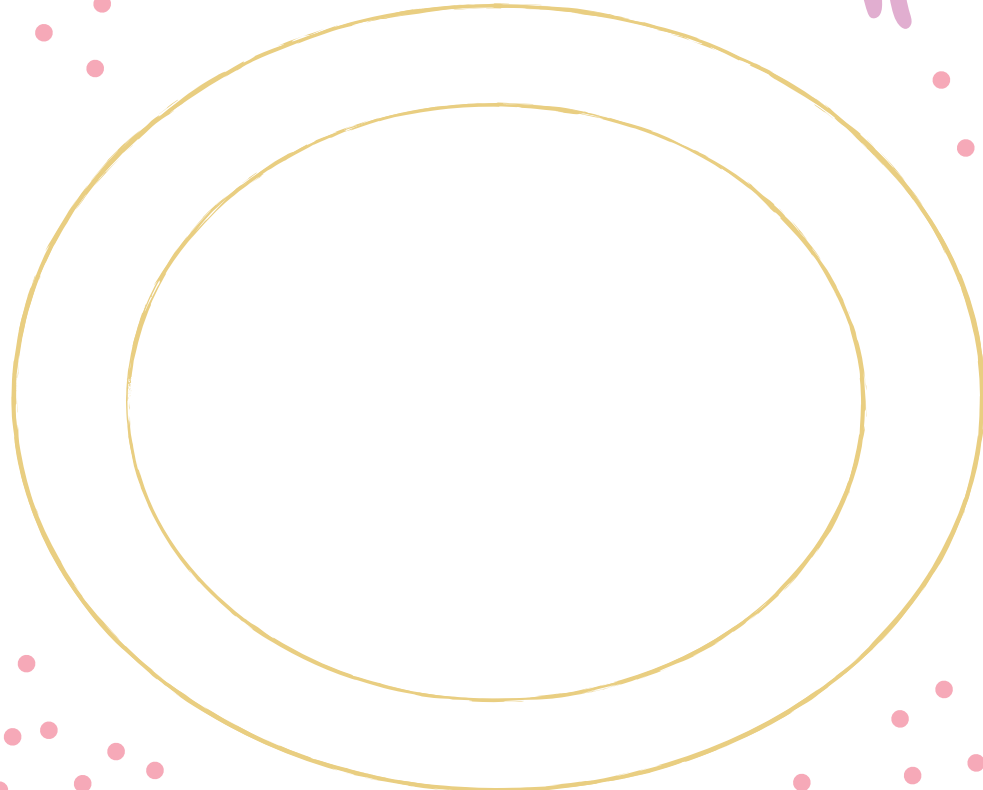

Cactus

Square apples! Is this what the food of the future will look like?...

Here are some things we might eat more of in the future

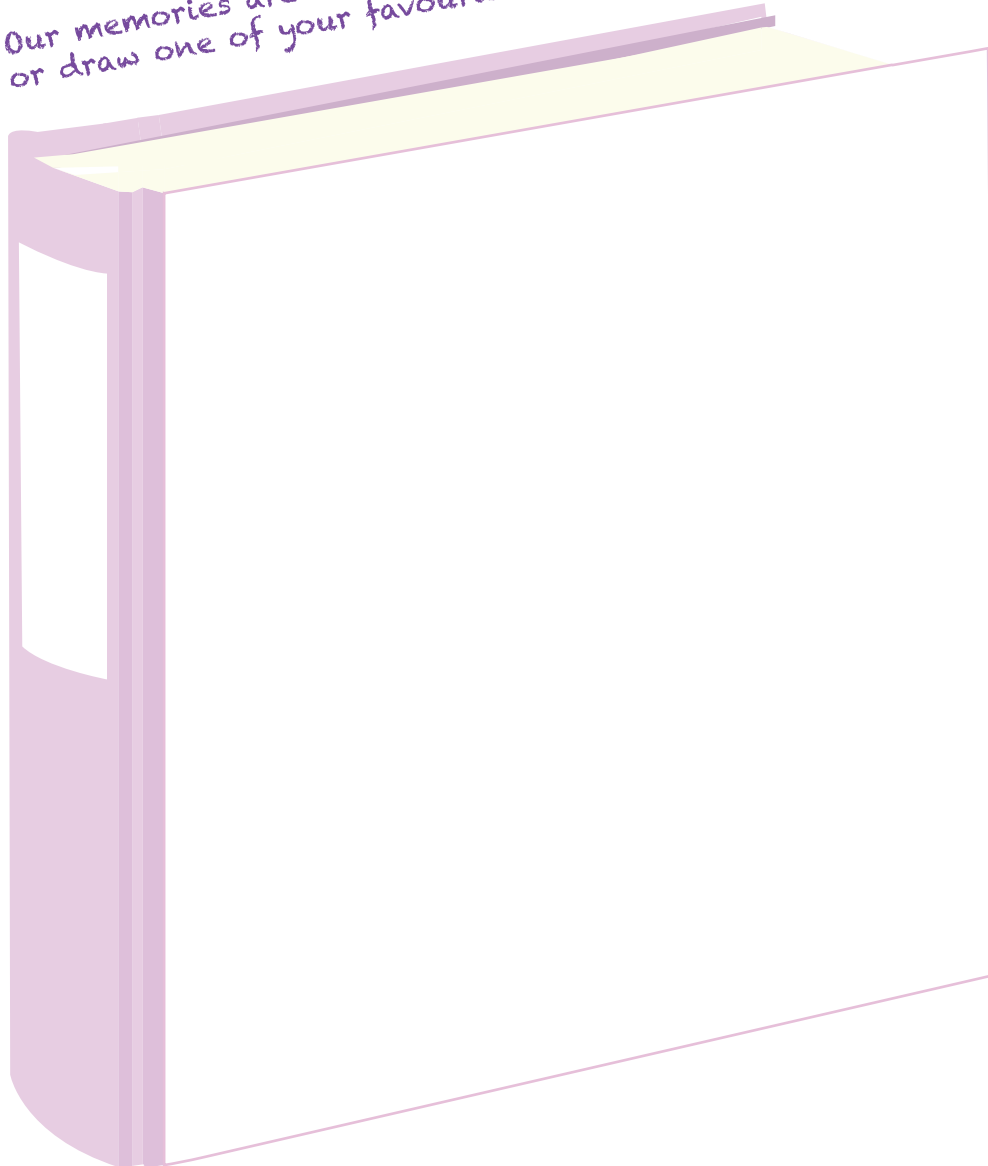

This is an image of a Square apple by Robert Zhao Renhui! He wants us to think about how food can be genetically modified. Some fruits and vegetables you eat every day have already gone through this process.

ACTIVITY 1: MY FAVOURITE MEMORY

Our memories are like a gigantic library.
Write or draw one of your favourite memories below!

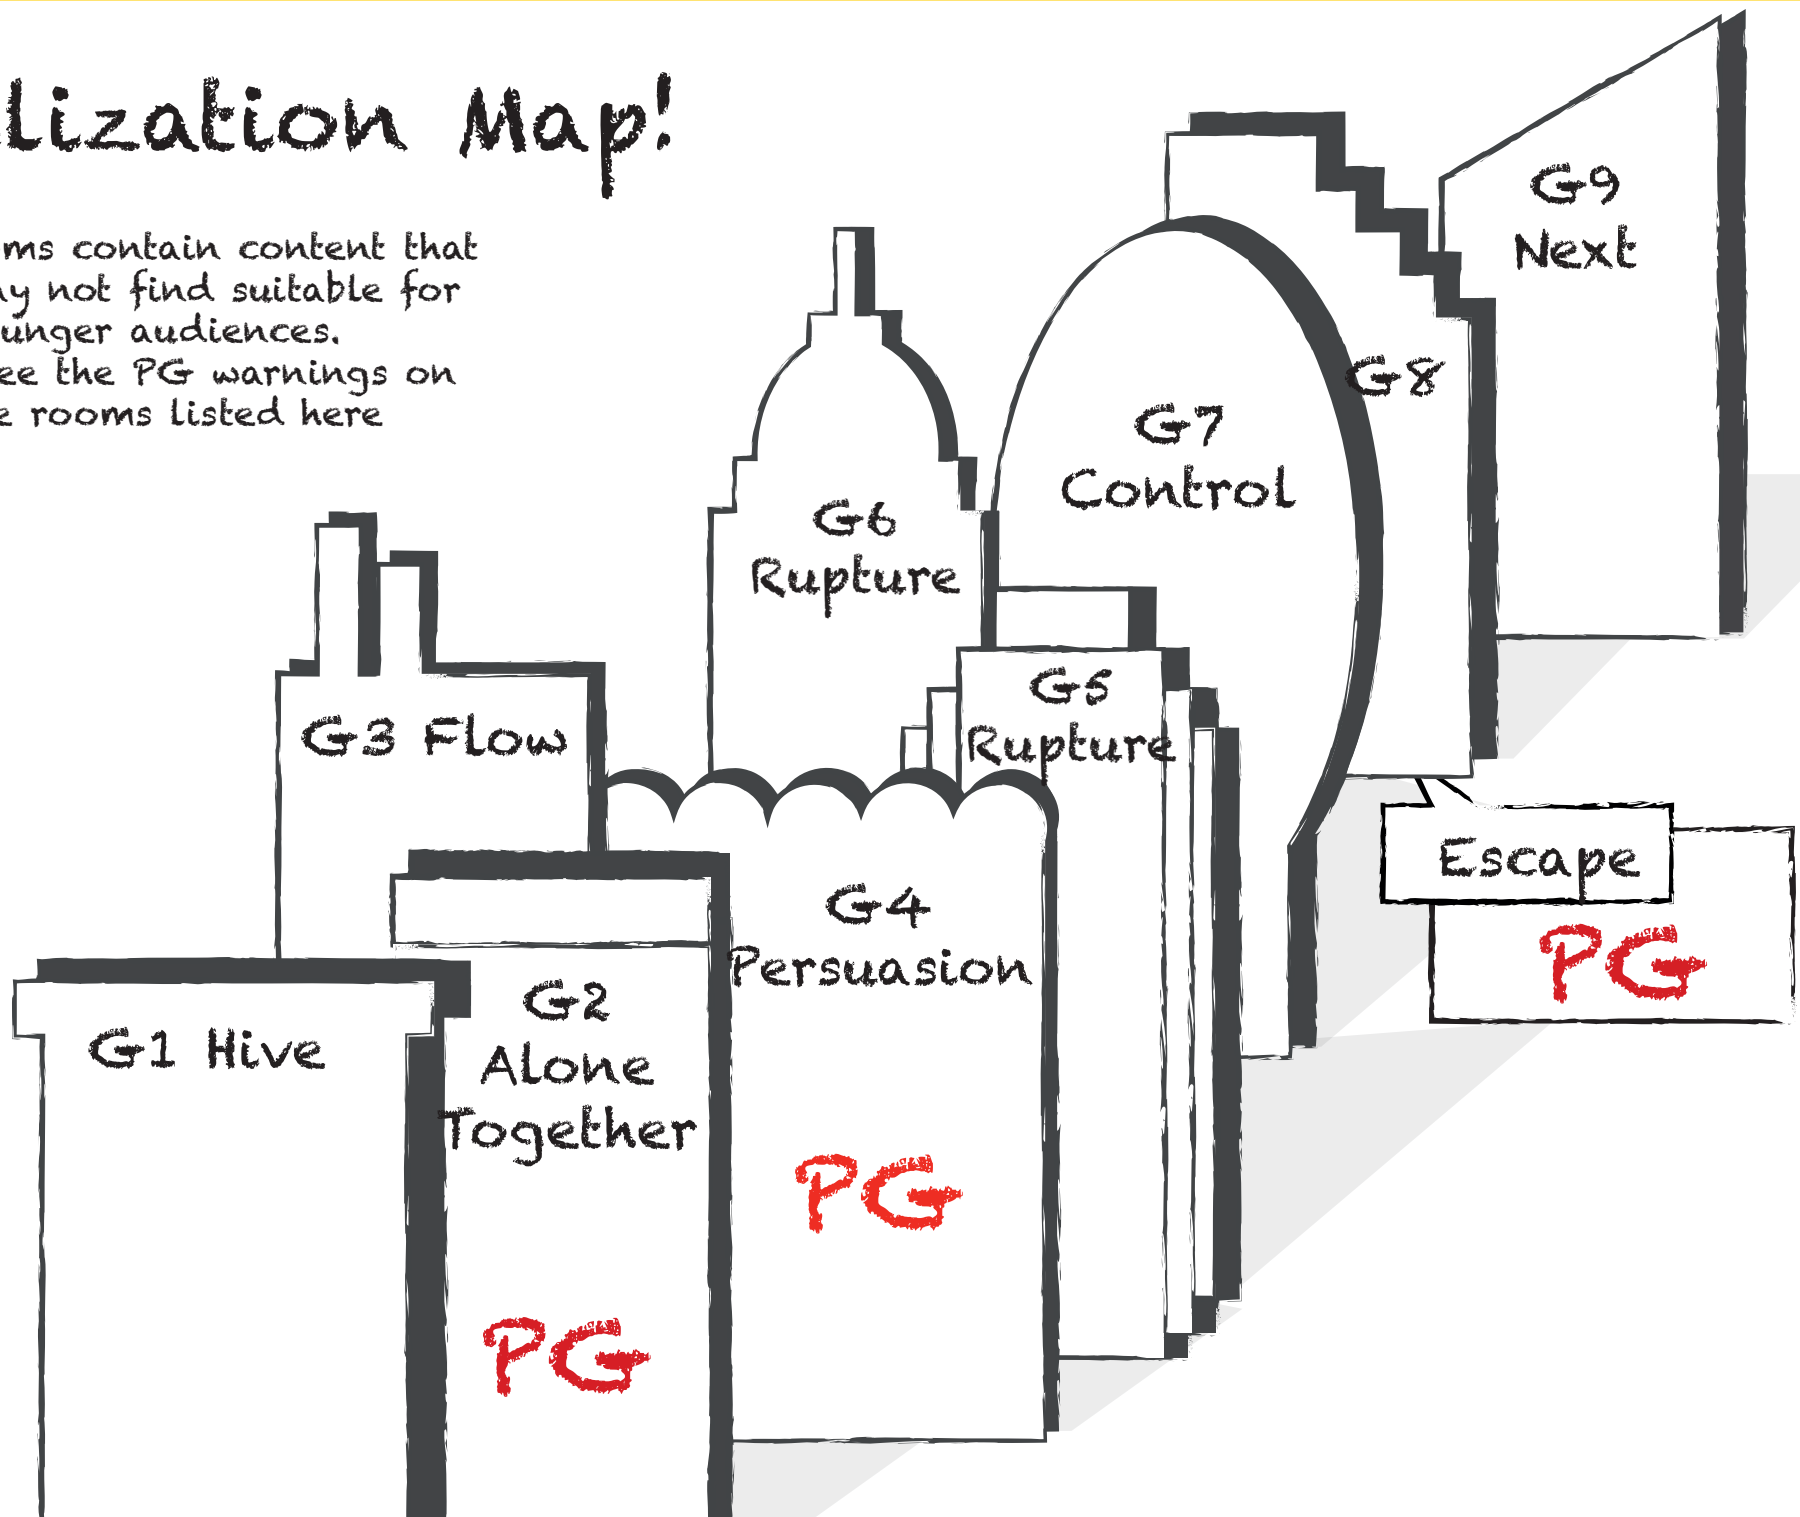

This image by Candida Hofer shows
a gigantic library!

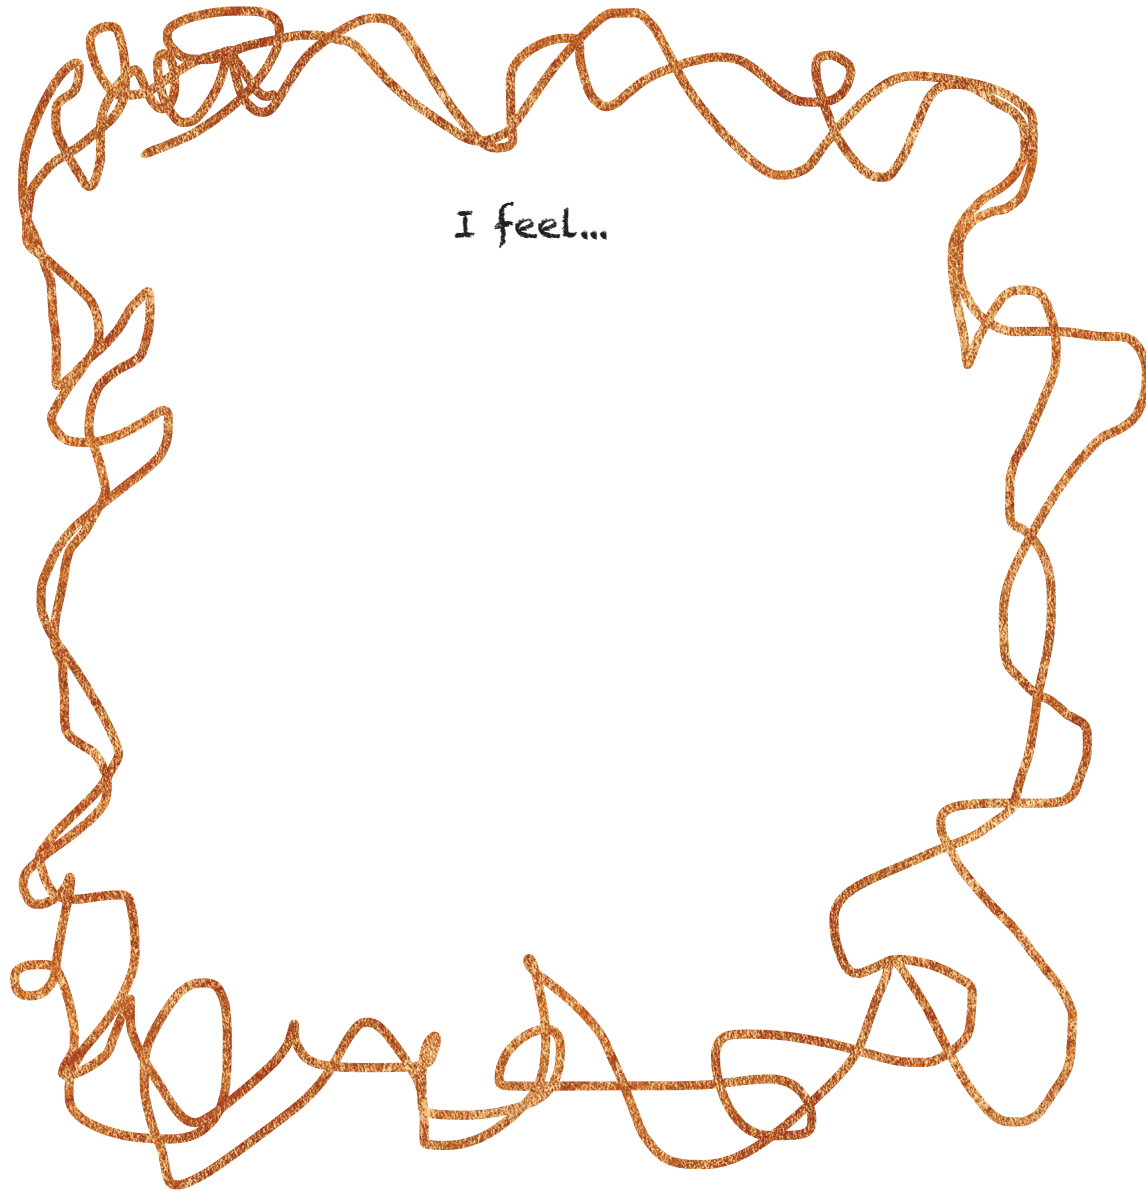

Libraries are the places where humanity
shares and stores our ideas, experiences,
imagination and histories.

Civilization Map!

Some rooms contain content that
some may not find suitable for
younger audiences.
Please see the PG warnings on
those rooms listed here

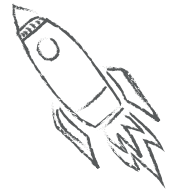

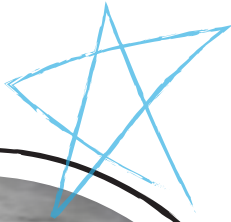

ACTIVITY 2: COMMUNITIES

We all live in different kinds of places. In this exhibition, you're going to see lots of people who live very different lives. When you go through the exhibition write down what you feel looking at these pictures!

WHERE IS THIS ROCKETSHIP GOING?

Draw the rest of its journey!

ACTIVITY 4: WORD SEARCH
